

SUPPLY CHAIN & PRICING ANALYST

Department	Distribution
Reports To	VP, Integrated Supply Chain
FLSA Status	Exempt
Location	Spartanburg, SC
Travel	0%
Employment Type	Full-time
Job Level	Professional
Supervisory Responsibility	None
Revision Date	July 2026

POSITION SUMMARY

The Supply Chain & Pricing Analyst supports SLAM's Procurement and Distribution organizations by ensuring pricing accuracy, maintaining supply chain data integrity, providing analytical reporting, and coordinating international supply chain activities. This position serves as the primary analytical liaison between suppliers, distributors, internal stakeholders, and international markets to improve operational execution, financial accuracy, and member value through timely analysis, reporting, and issue resolution.

PRIMARY RESPONSIBILITIES

- Maintain and validate distributor pricing, transfer rates, fees, and contract pricing across procurement systems.
- Validate weekly distributor price changes and invoice exceptions, working with distributors and suppliers to resolve discrepancies.
- Coordinate implementation of approved cost changes with distributors and internal stakeholders.
- Maintain pricing, item, and location data within ArrowStream and other supply chain systems.
- Develop, analyze, and distribute recurring supply chain, pricing, usage, freight, service level, and operational reports.
- Monitor distributor service metrics and prepare monthly performance scorecards.
- Support international markets by coordinating pricing, specifications, documentation, new item setup, and supplier communications.
- Maintain international order guides, product documentation, declarations, and compliance records.
- Monitor inventory levels, identify supply risks, and coordinate product substitutions or distribution transfers when necessary.
- Track commodity trends and provide analytical support for forecasting and budgeting.
- Support procurement, finance, distribution, and supplier teams with ad hoc analysis and business intelligence.
- Maintain accurate records and ensure data integrity across procurement and distribution systems.

KEY ACCOUNTABILITIES

- Pricing Accuracy
- Data Integrity
- Distributor Performance Reporting
- International Supply Chain Support
- Business Analytics

SUPPLY CHAIN & PRICING ANALYST

- Contract Compliance
- Cross-functional Collaboration

MEASURES OF SUCCESS

- Maintains accurate pricing across procurement systems with minimal errors.
- Resolves pricing discrepancies within established service levels.
- Delivers timely and accurate recurring reports and analysis.
- Supports successful international product launches and ongoing market operations.
- Maintains accurate ArrowStream and procurement master data.
- Builds strong working relationships with suppliers, distributors, and internal stakeholders.

QUALIFICATIONS

- Bachelor's degree in Supply Chain, Business, Finance, Analytics, or related field preferred.
- Three or more years of experience in supply chain, procurement, pricing, distribution, finance, or business analytics.
- Experience with ERP, procurement, or supply chain systems; ArrowStream experience preferred.
- Advanced Microsoft Excel skills; Power BI or similar analytical tools preferred.
- Strong analytical, organizational, and communication skills with exceptional attention to detail.

CORE COMPETENCIES

- Analytical Thinking
- Financial Analysis
- Data Management
- Problem Solving
- Business Communication
- Customer Focus
- Planning & Organization
- Continuous Improvement
